

UNITED STATES  
**HOUSE** of  
REPRESENTATIVES

115th Congress, 1st Session · The House is not in session

## Directory of Representatives

Also referred to as a congressman or congresswoman, each representative is elected to a two-year term serving the people of a specific congressional district. The number of voting representatives in the House is fixed by law at no more than 435, proportionally representing the population of the 50 states. Currently, there are five delegates representing the District of Columbia, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. A resident commissioner represents Puerto Rico. [Learn more about representatives at The House Explained.](#)

### A Note About Room Numbering

The three primary House office buildings—Cannon, Longworth and Rayburn—share a room numbering system for above-ground rooms that might confuse visitors at first. The system is fairly straight forward and can be used to identify most member and committee offices merely by knowing the correct room number regardless of building.

All Cannon above-ground rooms are three digits. As you would expect, the first digit indicates the floor level. For example, 303 Cannon is on the 3rd floor.

All above-ground Longworth rooms are four digits and start with the number 1. The second digit from the left indicates the floor. For example, 1309 is on the third floor of the Longworth building.

All above-ground Rayburn rooms are also four digits, but start with a 2. The second digit indicates the floor number. For example, 2125 is on the first floor of Rayburn.
